There has never been a more important moment for District Councils Network to have strong leadership that promotes and protects our role in delivering the 'doorstep' issues that matter most to communities at a scale that they can recognise and relate to.

I believe I am best placed to deliver this vision working alongside all District Councils and am asking for your support in the DCN Chairmanship Election so we can ensure our distinctive message is heard, understood and acted-on both within the LGA and in Government.

My vision for the District Councils Network ensures that we have the tools to build better lives and bigger economies

- One family at a time
- One street at a time
- One place at a time
